

# Senior Young Women

This term Senior Young Women have continued doing their weekly cooking and working on workplace skills.

Students were happy to begin their art courses and have been developing the skills of colour mixing, painting using broken colour and impasto. The students have shown their understanding of different skills and colour theory by creating their portfolios.

Students have been learning about the elements of gothic texts and analysing settings, characters and plot. It has been enjoyable concentrating on a variety of visual and written gothic texts such as Dead and Loving It, Coraline, Francis and The Rusted Gate. Students have been planning, organising and running community activities. Some of these are the Colour Fun Run, Red Dust video, school attendance posters, sports and art lessons for the younger year's students.

In Term 3, students completed their First Aid certificates and began their Certificate II in Community Services. We are looking forward to working more with TITEB on completing the competencies for this course next term.

Ashlee, Leanne & Joy

# SENIOR YOUNG WOMEN

# Senior Young Men

Senior Young Men have been very busy this term. The young men have been doing a variety of community engagement activities in the first three weeks. This was part of their outreach to the wider community.

With great pride and passion the young men went on a bush camp developing their culture. For work life skills, the young men have been learning a safe way to operate in an active work site as well as use a forklift with the site operations team. They have also continued to use their painting skills to beautify and enhance the college. In numeracy they have been working with a variety of maths that link crucially with their work life. Whilst in literacy, the young men have looked at grammar and the factual and instruction texts.

This has been a triumph of a term for the Senior Young Men and I congratulate all of them on their maturity and hard work.

Mr T

# TIWI COLLEGE FETE

On Thursday the 17th of August, the Tiwi College community and friends enjoyed the 2023 Family Group Homes initiative Fete Day. A wonderful celebration for families and friends to visit Tiwi College to celebrate the students hard work and efforts put in over the last two terms to run five successful fundraising stalls.

This year we were honoured with special pre-fete entertainment performed by the Ngarukuruwala Singing group. Thank you Ngarukuruwala for providing our guests with such a wonderful cultural showcase which was made possible by fete sponsors Bright Moon Trust & Manuel Brown MLA.

Information stalls and sponsorship contributions were very much appreciated. It was great experience to have organisations to share their work, be generous with time, gifts and contributions which made the fete a wonderful day for the all the fete attendees. The Family Group Home Life skills program allows our students invaluable lessons from the planning, creating and running of the Fete. A special shout out to the Tiwi College staff for a great effort and we sincerely thank all who attended and contributed helped to make the day a huge success!

The 2023 Tiwi College Fete was generously supported by: Bright Moon Trust, Manuel Brown MLA, Mamanta, Jilamara, Tiwi Designs, Tiwi Islands Training and Employment Board, Remote School Attendance Strategy, Darwin Wildlife Sanctuary, The Indigenous Literacy Foundation, Chartair, Tiwi Land Council, Red Dust, Scotch College, Melbourne, The Salty Plum Shop, Royal Flying Doctor Service of Australia, Essendon Football Club and contributing staff & families.

Each of the Family Group Home stalls made a profit which will be used to enhance the Boarding Homes. Generously, Tiwi College students will be donating a combined total of over \$1000 towards their various chosen charity organisations which this year are:

- Save The Children Kenya
- Camp Quality
- Milikapiti Community Health Centre
- Tiwi Renal Unit
- Wurrumiyanga Aged Care

# GARMA FESTIVAL

This year Tiwi College had the privilege of taking 3 students, Coralie, Michala and Noelissa and 2 staff, Stacey and Deanne to attend the Garma Festival in August.

The Garma Festival is Australia's largest gathering and showcases traditional Yolngu culture through art, song, dance and story-telling.

Tiwi College stayed alongside other NT and interstate schools in the Youth Forum space, where they participated in fun daily activities, cultural activities and got to meet some very important people. They even got to meet the Prime Minister!

The festival was a great experience for all and we hope we can continue to attend yearly.
