FAMILY GROUP HOME 8

Life Skills focus for T2 flowing into T3 was preparing for the fete. Food was our main commodity comprising our menu of beef curry and chicken vermicelli with rice. Excitement and enthusiasm was in the air as the boys brainstormed through their pre-planning in the successive weeks prior. They began to develop a sense of value in working collaboratively, displaying leadership skills and strategic goal setting and profit making. A charity of choice was agreed upon as the recipient of our donation (10% of profit). Tiwi handicraft, like carvings and canvas paintings were the extras planned. In addition, Kelera sewed skirts, tablecloths and runners, key lanyards with Tiwi fabric designs. We are proud of how things panned out on the day. The profit was more than expected and the boys are now looking forward to getting their hands on new x-box games and controls, footballs and reading books.

We are blessed for the opportunity to continue inspiring young minds for greater things. We thank the young men for their support and hands on attitude during fete, setting up, pre-cooking to packaging. The boys have displayed attributes in customer service, sales, and patience in sticking it out until pack down. The experience has also birthed the seed to future work pathways. Well done to our 'malakaninguwi' (young men) as we look forward to 2024.

Our prayers and blessings to each of you, your respective families, and communities to a safe and enjoyable holiday. God Bless. Malakai & Kelera
