

F

2020 brings new adventures to our family.

G

Getting the boys back to routines was easy as most of the boys know what is expected at home in regards to home values.

H

We had a few new students in our family this term and seeing the boys helping them settle in and getting them through the routines was good to see.

8

Life Skills this term we worked on hygiene in bathrooms/toilets, discussed smoking and effects, and self hygiene which included handwashing, use of toothbrushes and showering.

A good start for us to this year. Next term is a big term for us and we look forward to what it brings.

Alova and Sarah Taletawa

Family Group Home

Here at FGH 4 we have enjoyed having the students return after the holidays and seeing some old and new faces. At the beginning of term each student set a goal of how many green traffic light scores they would like to receive. As the end of the term approaches we can see that not all goals have been met, we focus not on that, but in moving forward into next term students can hopefully know how to make choices that reflect their goals. We know it's not always easy getting back into the routine of school and home life after such a big break but we thank the girls who have given their best effort and who are growing in resilience; focusing on their goals, rather than obstacles. We hope all our girls and families can stay safe and well during the Easter break, which provides a timely reminder of our true source of hope and assurance amidst a time of uncertainty. Dunstan, Nadine, Anaiah & Eva.

Setting goals, keeping our house clean, celebrating birthdays, Anaiah teaching us about germs

International Women's Day

International women's day was on the 8th of March and we used it as a way to inspire through stories of other women's contribution to society and to reflect on women in our local communities who inspire us. Here is a list of some that we wanted to share;

Dianne 'Tic Tac' Moore– Is from Karslake Beach, she loves seeing her students succeed and the girls say she is kind, helpful and an inspiring artist

Ashlee Healey–Is from Horsham, and has a desire to improve educational outcomes for Indigenous students, the girls say they are thankful she helps us when we need help and helps us reach our goals.

Jacinta Tipingwuti– Is Maureen's Grandmother and an elder who helps with the Academy's culture program, the girls say she inspires them by passing on Tiwi culture to younger people, she is kind to everyone and prays for people

Courtney Mclean– Is from Melbourne and her favourite thing about working at Tiwi College is her girls, the students say Courtney is kind, helpful and caring for all students.

Gladys Puruntatameri– Is from Garden Point she is a talented football player, the girls say she is she is kind, and helpful, respectful, intelligent and strong in culture.

Mary Elizabeth Moreen– Is Holly and Mickey's Grandmother and an elder who helps with the Academy's culture program, the girls say she is inspirational because she passes on Tiwi culture to the younger Tiwi, she is strong and loves her family

Family Group Home Five

We are so happy and blessed to have a beautiful bunch of girls in our house this year!

We have enjoyed doing our Life Skills with them and have been encouraging them in all areas of their Health during this program.

We have also been encouraging our girls to do the right thing at School and to do their best to following the School rules.

We hope to see them all back next term, and pray that everyone will stay safe and well.

God Bless,
Kameli and Titilia Ravula

FAMILY GROUP HOME 6

We'd like to congratulate the girls in our house and their families for their consistent attendance this term. We've worked on our relationships with each other and how we can always better our choices even when we're having it tough. Most of the girls have actively participated in our Life Skills program and we hope that these can be applied at home. A blessed Easter to all and a restful holiday!

Girls Academy

Strong Body - Strong Mind - Strong Culture

The girls organized and presented a welcoming for Jill our new Principal and other new staff!

Thank you to the Elders for coming to Tiwi College to support the girls!

We always have fun every Tuesday and Thursday during training! We have started to do some projects as well!

Thank you to Deadly Science for the awesome water Bottles!

BOYS ACADEMY

Boys Academy Highlights:

- **Footy training** twice a week working on fundamentals and game structure.
- **Academy room** chill out zone, enjoying each others company to play pool, games and discuss Traffic Light System.
- **Strong Minds** Sessions on understanding TC school systems and expectations.
- **Successful Football Season:** TC Boys Academy supported 10 boys playing in the 2019/2020 NTFL season.

Congratulations to the following boys on their finals results:

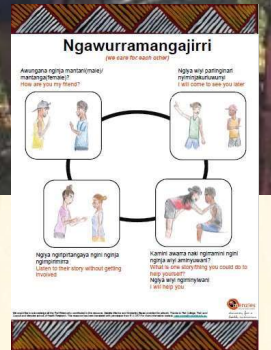

Francis Tipungwuti—NTFL U/14S Grand final winner, **Michael Thompson** NTFL u/16s Grand final winner, **Matthew Kantilla** TIFL Grand final winner / Tiwi Bombers Best First Year Player. **Jordan Bourke** TIFL Grand final runner up.

Helping to keep Tiwi Culture Strong

Recently, Tiwi College students and staff went on a day excursion to Wurrumiyanga to participate in the poster & book launch for “Ngawurramangajirri - Tiwi phrases for mental health and wellbeing” - a project which was co-ordinated by Menzies and Tiwi elders. Tiwi College was very grateful to be involved in such an important project as well as taking time to talk with elders to look forward into future projects to collaborate on.

In the second part of the day, the staff and students went to the **Patakijjali Culture Museum** to donate sculptures that were created at Tiwi College and presented to Fiona, Cila, Sr Anne and their team in recognition of the ongoing support of the Tiwi College Strong Culture Program.
