

Family Group Home Five

We have been looking after the Junior and Middle School girls since last year and although we miss having the Senior Girls in our house, we enjoy being able to encourage and teach the younger girls.

We have been doing our Life Skills program this term and the girls have been learning more about their health and looking after themselves well. We enjoy their interest and answering their questions.

We hope everyone has a great School break as we look forward to another term with the FGH 5 girls!

God Bless.

Kameli and Titilia Ravula

Family Group Home 6

FGH6

We've had a great Term 2 as a family. It's encouraging to watch the girls actively participate in after school activities and having fun while at it. Our attendance has been good but we can do better come next semester. We wish everyone a refreshing and enjoyable Bush Holiday connecting with family and country..Mana..

FGH 6 family (The Baris and all 10 of our Girls)

Manasa & Cilia

FGH7

This term we unfortunately were unable to run our annual FGH Fete due to Covid-19 so instead our girls have been busy doing many other activities in our Life Skills program this term. Those with learners permits have been enjoying weekly driving lessons with everyone also participating in gardening and cooking activities. The senior girls were also able to use their life skills time to do baking for their class bake sale which was a big success.

With smaller than usual numbers in our home this term we would like to encourage all our students to return next term with regular attendance as to not miss out on learning and participating in our fun activities.

Wishing everyone a fun and safe bush holidays and looking forward to seeing you all return next term! Moh & Sheree

Girls Academy

Strong Body - Strong Mind - Strong Culture

Demega's long jump leap

Ily launching into the air!

Red Dust Trick Shot practice!

The girls learnt how to strap ankles for support!

Anna's Barra

Beautiful visit to Taracumbi!

We had a great term in the Girls Academy! The term started with a fishing trip and waterfall adventure. After that, the Athletics preparation started with the girls working on their skills in long jump, shot put, high jump, discuss and running events.

Boys Academy continues to thrive despite the challenges that Covid19 brought. With a mixture of activities from fitness & agility training, basketball, tennis, training for athletics and Fluro Friday morning sessions. The boys have shown a good willingness to adapt to changes and continued to get the most possible from Academy time. The boys have really begun to appreciate good routine for warm ups and rotation of activities. Something that has also been a positive this term is the amount of boys appreciating and making good use of the Boys Academy room during break time. It's great that the boys have taken well to room rules for fairness and enjoyment by all. The most impressive part of this semester has been the boys engagement with the Tiwi College Traffic Light System. Boys awareness and understanding of the system has never been higher and we now have students checking in regularly and wanting to make positive changes knowing that : **STRONG MINDS + GOOD CHOICES = REWARDS!**

- Check out the Reward Camp page in this newsletter too!

ATHLETICS

Congratulations to PUMANYINGA who won the house cup!

2020

PUMANYINGA after the win!

**A huge thank you to Guy Reynolds
for his donation of these
fantastic sunglasses!**

Farewells

Shania Puruntatameri graduated from Tiwi College and later returned as an Teacher Assistant at Tiwi College in 2019. In her time at the college she worked with both Middle Young Women and this year in our Junior Primary class. Since Shania arrived at Tiwi College as a student all those years ago, those that have known her will agree she has grown so much and we are so proud of the person she is today. We are so thankful for Shania's service and the Picka-Family will miss her as she moves into the next exciting chapter of her life as a mother.

Amelia Laginikoro arrived at Tiwi College in 2016 where she served alongside her husband Paul as Family Group Home 4 Parents. In 2018 Amelia took on the role as Family Group Home Support and Mentor while Paul became the Family Group Home Coordinator. This role has required Amelia to wear many hats and Amelia always did this with a smile. Amelia was responsible for mentoring the Young Women at Tiwi College and has been able to support so many young ones in her time in this role. Amelia leaves us at this end of this term but thankfully is not going too far as she takes on a boarding leadership role in Darwin.

Yasmin Murphy returned to Picka with her experience in her previous roles and started this year as our Girls Tutor supporting secondary students in one of our literacy and numeracy activities. Yasmin quickly built relationships with staff and students and fulfilled her role supporting the young women with a smile. Yasmin has decided to leave at this end of this term but thankfully will not be too far away as she returns to Tucka.

Anthony Puruntatameri (Lenny) started his service at Tiwi College in 2015 as the Senior Young Men's Teacher Assistant. He then moved to the Middle Young Men where he served up until last term. Lenny has a passion for working with young people and he grew each year and became a strong leader among staff. Lenny became our Lead Male Teacher Assistant mentoring his peers. He played a huge role in maintaining our strong relationship with Scotch College and will be missed by all here at Tiwi College as well as those at Scotch.
