

Junior Young Women Term 3

This term we welcomed many new students. We set up routines in all areas of school and reminded students of the Student Creed. Each week we had a school focus and the girls did very well at trying to achieve that focus each week.

This term, students enjoyed science classes. We focused on electrical energy and making different circuits.

In Literacy, we focused on maintaining our spelling routine, writing creative stories and reading and connecting with different books. In Numeracy, we focused on getting students into a routine. We had a focus each week and all students improved in their ability to complete more math's in each lesson.

Junior Young Men- Term 3

In Term 3 we welcomed several new students into the Junior Young Men class. All students settled in well and were able to follow school and class routines. We continued our work with Floyd in the farm which continued to be a highlight for the boys. We had a fantastic day out on country and many students catching fish and having a great time.

We welcomed Dion back to Tiwi College. He was extremely well received in the classroom and transitioned seamlessly into class routines. The students loved the MnM sessions with Adele and Yello. The students created some terrific music and showed great enthusiasm during these sessions!

All the boys are looking forward to our new building, culture and farm program next term and we all can't wait to get stuck into!!

We wish you all a safe and restful holidays and we can't wait to see you all back next term.

Elias Karageorgiou, Jeffrey 'Yello' Simon and Dion Apuatimi

Term 3 MYW

This term we have been:

- Learning about the organs of the body
 - > creating cut outs of the human skeleton, and muscles in the body
 - > making a model of how the heart pumps
 - > creating a model of how the diaphragm helps to fill the lungs with oxygen
 - > researching a chosen organ and creating a presentation on that organ.
- Cooking up a storm in the kitchen. Aliti came in to help cook doughnuts with us.
- Learning about the forces behind flight. Creating paper planes that would fly the furthest, and also flying kites and creating our own kites.
- Writing about important moments in our lives.
- Finding art in nature.

It has been a busy term with lots of great learning and trying to follow the four school values. We look forward to seeing the girls next term, with a positive attitude and ready for Term 4!

Have a safe and happy holiday :)

Courtney and Rickiesha

Middle Young Men Term, 3

Awana families and friends,

Feeling the wrath of the dry season this term has been a hot one!

We've been so proud of the Middle Young Men students that've continued to make the effort of coming into school and persisting with their learning in and outside the classroom.

This year has certainly been one to remember and I look forward to seeing all the boys back in Term 4. Can't wait for some island footy!

Mana, Jack and Jonus

Senior Young Women

This term we have been super busy trying to finish assessments for Child Studies. We also started our Integrated Learning: Culture unit. Reading group has been filled with laughs from the stories we are reading.

We would like to congratulate the senior young women on their massive effort this term and dedication to their education.

We hope you all have a great holiday with your friends and family and look forward to seeing you all next term.

Ash & Tictac

Awana Family,

With travel restrictions easing the SYM have finally been able to resume their extra-curricular programs.

This Term we had a fantastic 2-week work experience where students enjoyed so many different experiences including but not limited to:

- Learning about aquaculture at CDU
- 2 days at Angler's choice fishing lodge
- Visiting NT water police
- Completing their white card and first aid
- Enjoying a 4 day placement at a variety of work places.

We also welcomed Brad Shepherd from CDU back to the College to continue our construction project and have made a good start on a shed that will house a class set of mountain bikes.

Unfortunately attendance has been a bit low in the SYM class this term, can I ask all families to please encourage students to attend school every week, this becomes particularly important as we look to support these young men into employment in the coming months/years.

We also welcome Bradley Palipuaminni back as an AT! Have a great holiday and we will see you all in Term 4.

Mana: Matt and Brad

T3 BOYS ACADEMY

HIGHLIGHTS

- ⇒ Touch Rugby sessions brought out to Picka by TIRSC— Thanks Gladys & George!
- ⇒ Footy training 2 x per week
- ⇒ Fluro Fridays for positive mental health.
- ⇒ Team work activities
- ⇒ Hanging out in the Boys Academy room.

Girls Academy

HAPPY BOXES

3X3 BASKETBALL

We are excited to be partnered with the Happy Boxes Project. The girls will receive products from companies around Australia to support good self care. Some products that are expensive in the local shop, will be donated! The girls will be volunteers and pack boxes for their communities.

REWARDS DINNER T3

Thanks to all of the staff at GPT Lodge, you made this a memorable experience for the girls.

We spent a lovely evening at the GPT Lodge.

The highlights for FGH1 this term

Hi from Dawn and Fred, the new house parents at FGH1. We arrived week 5 of term 3 and feel so privileged to be part of the Tiwi College family. Taking the reigns from Stu and Viola was no easy feat. We couldn't have done it without their guidance and continued assistance from the expert herself Viola Vea. In no time we were able to begin building relationships with each of our boys. Thank you to all the house parents, teachers and other staff for the great support and overall mentorship given to us one way or another. We already feel like we've been here longer than some of you mob. 😎

Community Dinner

Haircuts & Time-outs

Wonder if you can actually identify who's in FGH1?

FGH

TWO

We have had another great term in Family Group Home 2 with the biggest highlight being the 2 weeks of work experience in Darwin with the senior young men! It was great to see the learning and enjoyment had in these 2 weeks!

We are continuously reminded of how blessed we are to be serving the purpose and vision of strong Tiwi Elders for Tiwi College! Our aim is to continue to assist in building more strong leaders for the future of Tiwi! We hope, pray and trust that the young men who come through our doors will leave with confidence, strength and ability to make a positive impact in their Communities and future families! With love and prayers, Pisa, Meaghan, and kids :-)

Thanks Miss Adele for helping the SYM with our Scarecrow of Pisa!
